Agenda

Keynote

Elizabeth McCaul, Partner, Promontory Financial Group
Ms. McCaul is a Partner in the New York office of Promontory Financial Group, where she provides broad strategic financial and regulatory advisory services. She joined Promontory after serving as the Superintendent of Banks of the State of New York.

Track One: Threat and Fraud

Will address innovative know-your-customer (KYC) enhanced due diligence and customer risk rating (CRR) capabilities, combined with insider threat intelligence to analyze and combat internal and external fraud. Topics will be presented by our IBM Subject Matter Experts and IBM's premier business partners Digital Harbor and Intellinx.

Track Two: Enterprise Risk Management

Will address the interests in an effective approach to risk and compliance convergence, rationalizing the risk and regulatory reporting functions across the enterprise to gain business value from a common information model. Topics will be presented by our IBM Subject Matter Experts and IBM's premier business partners FRS and Reveleus.
